Whilst exemptions exist for participants operating within the CLOSED road-controlled area of the Pageant, all operators MUST provide a safe environment for both the operators, users, and spectators. The onus lies directly with the operator of the vehicle to ensure a safe system is in place for all concerned.

The intention of the Pageant organisers is to have a safe and incident free event. To this end, traffic marshals will be in place to assist with traffic and pedestrian safety. All vehicle operators MUST ensure that they abide by instructions provided and to always act in a safe manner.

Please assist with the safe management of this pageant by planning the delivery and collection of the people on your float and ensure it is a safe and enjoyable experience for everyone.
